## WINTER MARKETS

This year for the first time ever, Riverwalk Market Fair Is hosting Indoor winter markets. This Is the perfect opportunity to choose amazing local Valentines gifts handcrafted by local artists and crafters. Our baking and candy vendors will have delicious and beautiful options to choose from! We will have everything from handmade clothing to incredible pottery to specialty jewelry! We will have produce, meat vendors, honey, and so much more!

We hope that the Northfield Community will help us to support our mission of connecting our local citizens to local arts and food! We would love to have our winter market become a permanent event In the city of Northfield, giving the chance for local vendors to support their families and their farms and to give the community the opportunity to have local goods available all year round!

Come out to the market this winter and support your community by keeping your holiday purchasing local whenever possible!

## Summer Vendor Meetings

We will have vendor meetings for our upcoming 2023 summer season on February 7th from 6 - 7pm and February 11th from 10am - 11am. Anyone who is interested in vending with us this summer should attend one of these sessions if possible. We will have a chance to introduce the market, discuss our process and some very exciting changes that are coming this season! We will also have ample time for questions!

Following these meetings our application will be open for the season and we will begin accepting applications. It's a great idea to apply early because we do have a jury process and only allow a certain number of each type of vendor.

We accept farm and food vendors, all food must be grown or made by the vendor! We also accept fine art, craft and other handmade artisans! We do not take MLM's or resale vendors at this time.

## THANK YOU TO OUR SPONSORS

This year we ran a sponsorship campaign for the first time because we had new and lofty goals for the market. We wanted to be able to translate our application into Spanish in order to be more inclusive and provide easier access for those that don't speak English as a first language. We also wanted to start an Education Booth where anyone was able to teach about their talent, hobby, or passion.

Through the generous contributions of our sponsors, we were able to make both of those things a reality!

In return, we provided our sponsors with advertising at our music tent, info booth, on our website, social media, and monthly newsletter. If your business is looking for a great way to support the local community, please consider partnering with us next season!
